## 2009 Summer Dance Workshops

### **Princess Story Dance Workshop**

**4 to 6 year-olds**

Have an enchanted summer at CDA's Princess Workshop where the dancers become a different famous princess every day. Children dance to the creative stories and exciting music from well known princess fairytales. Each day there is craft time in which the dancers make a craft that relates to the story and then they use their craft as a prop to dance with. Snack time is united with story time. The dancers learn basic age appropriate dance steps along with drama and mime. SPIN into summer at CDA as an enchanted dancing princess!

### **Music Video Workshop**

**7 to 9 year-olds**

Lights! Camera! Action! Did you ever want to feel like a star and be in a music video? This is your chance! In this workshop, participants will learn music, dances and staging that are performed and then professionally edited into a music video. The age appropriate music might include a song from High School Musical, Miley Cyrus or The Jonas Brothers. Dancers will be asked to bring props and attire from home to use "on location" for the shooting of the video. At the conclusion of the workshop there will be a music video premiere and live performance by the workshop participants. Each participant will receive a copy of their music video.

### **Broadway Dance Workshop**

**10 year-olds and older (some dance experience required)**

Join us this summer at CDA in learning the HOTTEST dances in Musical Theater! Each day participants will learn choreography from Broadway musicals that have been made famous for their nostalgic and energetic dances. Learn dances from Grease, Hair Spray, and High School Musical, taught by Robin. The last half hour of each day will be devoted to the sassy and stylistic choreography of Bob Fosse. KICK off the summer at CDA with hit dances from Broadway!

### **DanceScope Choreography Workshop**

**CDA Placement Dancers Only**

Workshop classes include choreography from DanceScope 2009. Classes in Dance Composition/Improvisation will teach the dancer elements of choreography, methods of how choreographers create new choreography and staging terminology. Students will also participate in a "How-To-Audition" class that gives tips on how to improve the dancers character and dance auditions and has participants do mock auditions. A performance for parents is included at the end of the workshop.

### **Jazz Dance Leaps and Turns Workshop**

**Dance Experience Required - Call for Placement**

Turn up the heat this summer on your Jazz leaps and turns! Being able to do awesome leaps and turns is every Jazz dancer's dream. Leaps and turns add a high point of excitement and difficulty to Jazz choreography. This dance workshop emphasizes the technique and presentation of a full range of leaps and turns used in Jazz Dance choreography. The level of difficulty is adjusted to the level and age of the dancer. LEAP into summer with Rachel at CDA. Stronger leaps and turns will make your Jazz dancing SIZZLE!

### **Classical Ballet Repertory Workshop**

**Dance Experience Required - Call for Placement**

Make this your TURNING POINT for summer! Kathleen will teach authentic Classical Ballet repertory during this workshop. Learn classical excerpts from famous Ballets such as The Nutcracker, Swan Lake, Tarantella, and Serenade. At the end of the week Kathleen will costume the workshop students with her own, personally made tu-tu's for an in-studio performance/demonstration for family and friends. Put a little CLASS into your summer by learning choreography from Classical Ballets!
